

When eliminating IT headaches is so easy...

Why complicate?

Boost your company **productivity** and **reduce stress** by simplifying and **streamlining** your IT management with our services designed specifically for you. Boost productivity with our free platform and **easy to use** “pay-as-you-go” services designed specifically for the smaller business..

Improve productivity

Help keep your employees **focused on business** and don't lose valuable hours.

Peace of Mind

Whether you are working in the office or on the go, know that your protection is always the very latest and best. You have no need to worry about technical issues as KTS Computers Ltd (using AVG CloudCare) will take care of **all your IT needs**.

Spam free

We all know **Spam is a pain**, sorting through many emails can cause loss of time. Why not let KTS Computers Ltd. implement an AntiSpam solution with other options such as archiving and encryption services?

Be in control

One-click **keyless service activation** and full visibility of system activities makes effective management simple.

“ The fact that AVG CloudCare™ is so unobtrusive is a major benefit allowing us to focus on running the business. ”

David Burnett
Proprietor, Heritage Coffee Mill & Bistro

Keeping Technology Simple

Simple and free to set up, AVG CloudCare™ is the **fast, flexible and affordable** answer to more protection, more control and more productivity.

Centralised Dashboard	Provides visibility of your systems and generated alerts, showing infected devices, devices requiring attention, alert summary and summary of browsing activity.
AVG® AntiVirus	Keeps your network and employees safe against online threats with the latest award winning protection.
AVG® Content Filtering	Reduces your exposure to web-distributed malware and improves productivity by limiting personal use of the Internet.
Restriction levels	Have the option to 'Allow', 'Warn' or 'Block' users attempting to access blacklisted/whitelisted sites. ON/OFF Work also allows you to set schedules to 'Deny' websites during working hours.
Real-time updates	The most current protection will be applied the moment your employees go online.
Private Cloud	Company information is protected, encrypted and stored in AVG's own secured data centre. The customer data is always held securely in a known location on known AVG servers with no outside or third party provider access allowed.
One-click service activation	Activate or de-activate services on a "pay-as-you-go" basis and only be billed for what you've used in any-one month. No more activation keys to lose
Monthly Billing	No minimum contract fees. Simple pricing.
No set-up costs	No hardware or software changes mean no additional investment.

To **find out more** about the benefits of AVG CloudCare and how it can make sense for your company, **contact KTS Computers Ltd.**
